

TASK 2 – TODO LIST
HTML, CSS & JAVASCRIPT

LAYOUT AND DESIGN

The list is made with simple flex layout, forms and table with a green coloured theme with the use of JavaScript and CSS.

To-Do List

Add

Your To-Do List

Task	Actions	Remove Task
------	---------	-------------

To-Do List

Add

Your To-Do List

Task	Actions	Remove Task
Hello	<div>Mark Complete</div>	<div>Delete</div>
Do hhw	<div>Mark Complete</div>	<div>Delete</div>

ADDING TASK

Tasks are added with the input placeholder and the use of add button. The new task is added at the bottom of the to-do list table with complete and delete buttons.

To-Do List

Add

Your To-Do List

Task	Actions	Remove Task
Task 1	Mark Complete	Delete
Task 2	Mark Complete	Delete
Task 3	Mark Complete	Delete

To-Do List

Add

Your To-Do List

Task	Actions	Remove Task
Task 1	Mark Complete	Delete
Task 2	Mark Complete	Delete
Task 3	Mark Complete	Delete
Task 4	Mark Complete	Delete

COMPLETING TASK

Completed tasks can be checked via the use of mark complete button which turns green on hovering. Once clicked, the completed task is then marked off the to-do list.

To-Do List

Add

Your To-Do List

Task	Actions	Remove Task
Hello	Mark Complete	Delete
Do hhw	Mark Complete	Delete

To-Do List

Add

Your To-Do List

Task	Actions	Remove Task
Hello	Mark Complete	Delete
Do hhw	Mark Complete	Delete

DELETING TASKS

Tasks can then be deleted with the use of remove task column and the delete button which completely removes the task from the list.
